Barium is a multifunctional playground set for children of diverse ages. It can fit several children at a time. The lower slide is suitable for younger kids, while older ones will be fascinated by the various climbing sections. Access to the 870 mm high slide is safe via steps. The taller (1,470 mm) tower can be accessed via a leaning climbing net or a ladder, and descent is at speed using either a slide or a fireman's pole. The nets are wrought from durable, coated steel cables.

User age	1+
Number of users	11
Product length, mm	4720
Product width, mm	4390
Product height, mm	3410
Impact area, m ²	42.8
Falling space, m ²	44.9
Height required, mm	3410
Max. free fall height, mm	2250
Safety info	EN 1176-1, 3 TÜV
Installation time (for 1), H	26
Foundation options	Deep mounting Surface mounting
Metal colour	
Colour of walls and HPL	
Ropes
