Cesium is an exciting multifunctional playground set with a tall slide and two 1,470 mm high towers. It can fit several children at a time. There are three forms of ascent: by ladder, climbing rope or peg ladder. Access from one tower to the other is either via a twisty climbing net or along hanging monkey bars. The set provides enough of a challenge even for older children, while developing their motor skills and balance. There are four seats at the bottom to provide a welcome rest from climbing.

User age	3+
Number of users	14
Product length, mm	3790
Product width, mm	4420
Product height, mm	3410
Impact area, m ²	39.9
Falling space, m ²	41.4
Height required, mm	3410
Max. free fall height, mm	2250
Safety info	EN 1176-1, 3 TÜV
Installation time (for 1), H	28
Foundation options	Deep mounting Surface mounting
